Activity Centre hosted by Canadian Canoe Museum

Lunchtime performance by Opal from the Peterborough Academy of Circus Arts

On May 27 and 28, 2026, the Peterborough Children's Water Festival (PCWF) enjoyed a wildly successful 24th year. Organized in collaboration with educators, water quality specialists, conservation groups, industry, and local government, the 24th PCWF provided 1,400 students in Grades 2 to 5 with two days of fun and experiential learning activities.

Our Impact

Through the years, over 33,000 elementary students and 7,500 teachers and chaperones have attended the PCWF to celebrate what water does for us, and what we can do for water.

Thank you to past and present sponsors who have supported this immersive water education. We couldn't do this without you!

Learn more about how you can get involved in the 25th annual PCWF in May 2027 at pcwf.net.
